VStream®

NEW for 2015-16

National Cycle's innovative VStream® Windscreen gets its name from the unique shape and dimensional contours designed and engineered for each screen. The patented "V" profile helps push the turbulent wind out and away from the side of the rider's head, producing a quieter and more comfortable riding experience for both the rider and the passenger.

VStream Fairing-Mount Windscreen Applications

N20702	FMR; Dk. Tint	08.25" (21.0cm) ¹

All FLTR VStream® Windscreens include metal compression limiters that spread the load for long life and durability.

Quantum® Hardcoated Lexan® Polycarbonate

Developed for windshield use by National Cycle, Quantum hardcoating takes motorcycle windshields a quantum leap forward in scratch resistance and out-door life. The durability of polycarbonate combined with Quantum hardcoating produces the strongest, most scratch resistant windshield available.

FMR Hardcoated Lexan® Polycarbonate

The strength of polycarbonate combined with FMR hardcoating provides strength with good scratch resistance. FMR polycarbonate is the OEM motorcycle industry standard and was first developed for the motorcycle industry by National Cycle.

National Cycle 3-Year Warranty

Our exclusive 3-Year Warranty covers all National Cycle polycarbonate windshields and windshields against breakage.

1 Centerline measurement from top of fairing edge to top of screen

2 Centerline measurement from bottom center mount hole to top of screen

3 Centerline measurement from top of fairing edge in a vertical line to horizontal line level to top of screen

QUIET • COMFORT • OPTICS • STRENGTH
